We offer individual & group coverage

Basic Membership Plan

This plan creates huge discounts on your medical tests and gives you a chance to earn points. The more you use this card, is the more points you have and the more points you have, is the more cashback you get towards your next visit.

Direct Primary Care Plan

With a direct primary care membership, patients have direct access to their doctor and receive individualized, comprehensive care without the interference of insurance companies. Members have 24/7 access to their doctor via phone, email, or in-person appointments. This reduces the time and stress associated with traditional healthcare. This is better than insurance. No deductibles
